## INVOCATION

May the Light in me be the light before me  
May I learn to see it in all.

May the sound I utter reveal the light in me  
May I listen to it while others speak.

May the silence in and around me present itself,  
The silence which we break every moment,  
May it fill the darkness of noise we do  
And convert it into the Light of our background.

Let virtue be the strength of my intelligence,  
Let realisation be my attainment,  
Let my purpose shape into the purpose of our earth,  
Let my plan be an epitome of the Divine Plan.

May we speak the silence without breaking it.  
May we live in the awareness of the background.  
May we transact light in terms of joy.  
May we be worthy to find place in the Eternal Kingdom OM.

## MESSAGE OF THE MONTH OF PISCES

Pisces is the 12<sup>th</sup> house of the zodiac; it ends the year. In every ending there is the subtle beginning. Every beginning has an ending and every ending has a beginning. The glyph of Pisces indicates this. One fish follows the tail of the other, and the other follows the tail of the one. Together they form the circle.

Creation is the result of two opposing forces: One conducting the Spirit and the other conducting matter. Through such opposition only the apparent Creation exists. The positive and the negative currents manifest light from electricity. The complementary nature of the opposing currents and their unity is known to the seers who have the insight, the vision, and the subtle experience.

The soul and the body represent two different currents. The programme of the soul is different from the programme of the body. The two need to be brought together through friendliness and love. They need to be synthesized. Raja Yoga is the means.

Jupiter and Venus, which represent knowledge and experience, are found exalted in Pisces. Jupiter is the Teacher of the divine knowledge, and Venus is the Teacher of immortality, continuity of consciousness, and transcendence of death. In the Hindu mythology these two teachers are considered as the ones working with divergent objectives. Here is a secret of integration of experiencing wisdom and transcending death. Wisdom by itself serves no purpose unless there is continuity of consciousness beyond death and birth. Death and birth are but one point, one existing in the other. Pisces enables experiencing death in life, and birth in death. There is death in birth, and birth in death. The disciple needs to decipher this riddle.

## MESSAGE OF THE TEACHER

### THE DIRECTIONAL GODS

The Lord of the Northeast, ISHANA, and the Southwest, NIRUTHI, overview the activities of the beings. The fruits of wrong actions are sent back to the beings by these two lords. The Lord of the Northwest, VAYU, transmits the fruits by way of obstructions, obstacles, calamities and crisis. The ones who repent at their wrong actions are once again guided by the Teacher, who also functions from the Northeast. ISHANA is thus seen as the bestower of bliss and also the bestower of the effect of wrong actions. Such is the understanding of the directional gods.

**GÎTÂ-UPANISHAD**  
**- LORD SRI KRISHNA -**  
**ROLE MODELS**

Society always needs role models. People always follow their leaders who are public figures. Hence, there is a responsibility for the leaders and the public figures to set the right patterns of action. If they do not, people also do not get into the right patterns. The national leaders such as politicians, religious leaders, teachers, doctors, leading businessmen, men in high position, men in charge of the media such as cinema, television, radio, etc., have an additional responsibility to set a right understanding of harmonious social living. If they do not, society stinks with lawlessness, crime and chaos.

The child imitates the parents. As he grows, he imitates the teacher. Parents and teachers, therefore, form the initial role models. As the child grows and participates in social activity, depending upon the line of action he chooses. He would follow the leaders in that activity. Thus, following the footsteps of those ahead is a common factor in human life in relation to any or every activity. There is every need for role models in society. If there are no role models society lacks the needed guidance. Mere preaching does not help. Demonstration of wisdom in life helps others to follow. This is because demonstration is a better way of teaching. This is the need of the hour at all times.

The seers of India of ancient time provided such models to the ancient Indian communities. A seer was an embodiment of wisdom and demonstrated such wisdom in every walk of life. He always remained a householder, holding responsibility for the family, holding a socially responsible position, demonstrating spiritual values in the society and in the family as well. Seers existed in all fields and they formed the role models for the public. That was the time when the glory of India reached far and wide. The Greeks too had such role models. Societies flourished when there were such models and they were sunk in the absence of such ones.

**A WORD FROM MASTER CVV**  
**AN ANGLE OF THE WISE**

If the engine is good the vehicle runs well. But if the vehicle is good and the engine is not good, it doesn't suit the purpose.

If the mind is healthy and the body is weak, the work nevertheless happens. If the mind is unhealthy and the body is strong, no work can happen.

Likewise, in my Yoga, the mental is rectified and improved more than the physical. If the physical ambience improves without mental stability, you cannot enjoy such ambience. But if the mental ambience is good, even if the physical ambience is not so good, you can still enjoy. Harmony at the subtle level is preferable to harmony at the gross level. Be wise to choose harmony at the subtlest level. That is wisdom.

*Cont from p. 7*

Arjuna, being a warrior coming from a kingly class, was to protect the Law, resisting the lawless. If he did not fight the war he would have been damned by society. A warrior's duty is to protect the Law. Krishna, therefore, warns Arjuna that he would cease to be a right role model and would set in a wrong model which could be dangerous. In whatever field you work in society, you should aim to be a model for the next generation. Such is the responsibility of every disciple.

**LORD MAITREYA**  
**THE WASTED ONES**

One needs to differentiate between the birds that eat small insects and the vultures that eat animals and humans. Amidst humanity there are birds and there are vultures. We need to differentiate between them. There are people who do small mistakes; there are others who do atrocities. The atrocious ones are like the vultures that impose guilt on the small and punish them, exploit their property and molest their women. These “vulturous” human beings are usually the richest and the most powerful. Their aggression on humanity is terrible. They too have their teachers. These teachers prefer the rich and the powerful to the common among the people. They advise and guide for the propitiation of interests of the rich and the powerful. These teachers are sold out en bloc to Kali and serve the selfish interest on the planet. They enjoy the riches and the power of their followers. These are the donkeys who bear the loads of Karma of the selfish people, dissipating the energy of wisdom. These are the wasted ones.

**MASTER MORYA**  
**- MARUVU MAHARSHI -**  
**THE PRECIOUS COIN**

Can you heartily appreciate a good piece of work done by anyone? Don't you feel even a bit of jealousy? If you don't, you already gained a precious coin in your life as a gift. It shines forth from your heart. Whenever it shines intuitively you hear a statement from me. Translate the statement into action. May your action be a teaching by demonstration.

If you do feel jealous of others' accomplishments, virtues, acts of goodwill, you remain veiled. It brings in another veil called hatred. Hatred invites the third veil as anger. Anger brings the fourth veil as desire to harm. Harm can be at the mental, vocal or physical level. When you harm at any level, your destruction commences. To lift up the veils the only key is to be appreciative than depreciative of others' qualities. Agni Yoga starts from this point.

**MASTER KOOT HOOMI  
- DEVAPI MAHARSHI -**

**LOVE**

In the world, Love is rare. Infatuation, illusion, mutual requirements are generally expressed in the form of love. The worldly love is as per each other's necessity. The greater is the necessity the higher is the degree of love demonstrated. In the worldly love there is mutual expectation. Through such expectations they bind each other in the name of love. This love is bondage but not bliss. If the expectations are not fulfilled, this love transforms into hate.

The pure Love exists in equanimity. It shines forth like light and magnetises like a magnet. The illumination of the light and the magnetisation of the magnet are natural. Whoever comes within their field they get illumined or magnetised. They have no preferences in illumination or magnetisation. Further, they do not function to illumine or magnetise. The act of illumination or magnetisation does remain impersonal and not particularly directed towards a person, article, or a thing. Likewise, pure Love is also a happening but not a doing. Love as an act is worldly. Love as happening is divine. Such love unfolds the consciousness. The properties of such love are truth, blissfulness, righteousness, harmlessness, non-obligatory and non-aggressive. Such love is visible from the lives of the great ones.

**MESSAGE OF MASTER E.K.**

**JUST REALISE**

One cannot gain I AM by any effort.

The process is "at-one-ment",  
but not attainment.

You cannot gain your mirror image,  
but you can realise that it is no other than you.

Realisation of I AM is the way.

Attainment of I AM is illusion.

You are already I AM.

Just realise it.

**VIDURA**  
**WISDOM TEACHINGS**

Victory through unlawful means,  
miserliness of a king,  
and imprisoning a man of wisdom,  
are unparalleled acts of evil.

**SHIRDI SAI SAYINGS**

**THE MYSTIC**

You can never comprehend the ways of a mystic.

Sometimes he is joyful. Some other times he is dead silent. Yet other times he is dramatic. Still other times he is contemplating.

He can be angry for no apparent reason and in the next moment calm, and peaceful like a still deep lake. He can be brotherly, fatherly or friendly and is generally unpredictable.

Proceed not with  
the unfriendly.  
Aspire not for a lady that

**Feeding with Love**

Once Lord Krishna was invited by a great initiate, Vidura, to the latter's house for dinner. Lord Krishna accepted the invitation. The initiate was thrilled. He got pre-occupied with the thought and was making elaborate arrangements for Krishna's visit to his house. In the meanwhile Krishna arrived at Vidura's house. The initiate Vidura was busy in arrangements for Krishna's visit and as such was not at home when Krishna arrived. The lady of the house saw Krishna entering the house. She invited him in, offered a seat and made enquiries. She was also an initiate, who carried a heart of love. She could feel the hunger of Krishna. Yes, only people of love can feel others' needs. So, she immediately came up with a bunch of bananas and started peeling them to feed Krishna. She was full of love and was absorbed into the Divine Love of Krishna. In that trance, she was peeling banana after banana, throwing away the banana and was feeding the peels to Krishna. Lo! Krishna was eating the peels smilingly looking into the eyes of the lady. The lady was also looking into the eyes of Krishna with veneration and was feeding him the peels. It was a state of pure Love that pervaded the whole situation, where intellect ceased functioning and inspiration encompassed.

At that moment, the initiate Vidura entered the scene and was shocked by his wife's doing. He interfered into the serene and silent happening with his intellect. He questioned his wife: "What the hell are you doing? Do you know that you are feeding peels to the Lord instead of bananas?" The lady dropped from her state of pure experience to the state of intellect and felt sorry. But Krishna said: "What material she feeds me is not important but with what mind she feeds me is important. She fed me with Love and not with peels. The bananas are of inferior value to the Love she fed. My hunger is fully satiated. I bless you both." Saying so, Krishna departed.

**EXTRACTS FROM THE TEACHINGS  
THE HIGHER ASPECT OF LIBRA, Part VI**

Dr. Sri K. Parvathi Kumar

Peñíscola Group Living, Spain, June 2003

Right from the beginning of 20<sup>th</sup> century, there is the disturbance to the balance, and through the disturbance through scientific pursuit there will be a new balance found. This new balance is what is to be achieved through knowledge, and that knowledge put to experiment is transforming itself into wisdom. Breaking the tradition of sex regulations has become a big activity, because since about 2000 years sex has been misinterpreted as sin. Just like desire is divine, sex is sacred. Anything you abuse has its consequence. The theologies that promote physical celibacy and declare that otherwise there is no way to reach God are not true. All the Masters of the 7<sup>th</sup> ray live in families, and they give birth to children. How can be given birth to children without physical sex?

How much damage has been done to the sacred act of sex by labelling it as sin! It is a great insult to the energy of sex, and hence there is a revolution, an instinct to break it. When you break it, you break with vengeance. With what vengeance was the Berlin Wall broken! Everyone felt proud of breaking a piece of the Wall. If you build walls, contrary to the laws of nature, through time, the nature will spring back and hit those who built the walls. That is the law. That is why there is so much of sexual breakage which releases people from all physiological and psychological inhibitions. Until people find the right order, they keep breaking it. That is why you see so many children breaking so many things relating to the old order. Don't blame them. It is part of the change to find the new order. If three, four or five incarnations are burnt in it, the soul gets liberated faster. The kind of inhibitions that are built into people through superstition will bury them in the Piscian energy. They have to be lifted into the Aquarian energy. Those who are continuously suppressed through certain Piscian religions, which are excessively martial, people revolt and try to find the path to light, the path to freedom. That is an aspect of transforming Libra.

The present state of law is such: If there is more law, there is more crime. Just like when there are more medicines, there are much more diseases. There is a competition between the diseases and the medicines. The diseases are progressing at the speed of the rabbit. The medicines are progressing at the speed of a tortoise. So, the rabbit is far ahead, and the tortoise is far behind. Likewise you see the social laws of the various countries: There are more controls, more regulations, more exercise of

power, authority, restrictions. The law is building prisons around people, and the governments have not found the clue. Today the governments do not represent the people. The conscience of the humanity is far superior than that of the governments. The governments are occupied by that little part of humanity who do not represent the humanity. Today the humanity does not want wars, governments still! Tell me which nation did not demonstrate peace and still the governments are at war. So, can we say that these are governments of the people and for the people? It is only the glamour of democracy, but there is not democracy. Are we democratic? Can any ruler put his hands on his heart and say that he is representing the people? People everywhere say: no war, no nuclear weapons, no bombing, no occupation of other's land! But the governments promote laws, international laws to suit them, so that they can put guilt on people. For nothing people can be made criminal. The number of laws that you promote promoted more crime. Do you see this kind of crime 50 years ago? Did we carry in our conscience the term 'terrorism' 50 years ago?

The law making energy is in Libra. The law is formed in Libra and administered by Sagittarius. Sagittarius carries the judges. Libra holds the law. You see the Lady of Libra in every court of law. That is the symbol of law. She holds the balance. She is blind. She listens and decides. What is she listening today? Manipulative arguments! Many judges are not happy today, because they feel that the law is weak. The innocents are convicted. The manipulative are escaping, and they are causing havoc to the social order. This will be put to change in future. That is the work of Aquarius via Gemini to Libra. Uranus is today the ruler of Libra. The cardinal rulers have been Saturn and Venus. To start with it is Venus, and then for discipleship it is Saturn, and in advanced discipleship it is Venus again. But now it is Uranus. When Uranus enters, it causes such a huge disturbance until the non-essentials fall. Essentials only remain. Essential traditions that carry harmony remain. Non-essential parts of the tradition will be wiped out. The essential, natural, sacred law of sex will remain. And the aberrations of sex will slowly disappear. Likewise, the law. It will be thoroughly washed. Do you know how in olden days the washing was done? You took the cloth and hit it hard on the stone.

Now the law is in the hands of the terrorists, the criminals. They know how to manipulate it and they keep hitting it. Governments have to find more sensible laws to develop human values. Through just one act of crime you cannot make one a criminal. The real criminals are outside the prison. We all know that: the Mafia gangs, the drug gangs, the gangs that supply arms everywhere, the gangs which create conflict in other countries. They enjoy the best of the privileges of the society. So, the law is causing more negativism than positivism.

You see the life of Christ. A man of high awareness does not put guilt in people. The religions put guilt in people. The rulers through law put guilt in people and then punish them. Let us tell two incidents from the life of Jesus:

There was a servant maid in the house of a rich family. You know in a rich family, how much is wasted? If 10 % of the wastage is properly used, they can feed a family. If they don't waste, 10 families can be fed. This servant maid was working in the house of a rich family, where a big party took place. Parties are very common in the houses of the rich. After the party the maid was cleaning the plates. From the thrown-out food she collected some bread for her hungry children. She prepared a small packet of it, and late in the night she was going home with that packet. The man and the lady of the house they saw her taking the packet, and then they started following her until she reached the road. When she was moving on the road, they called people from the colony saying, "This lady is a thief, and according to our law we should stone her to death."

The servant was running out of fear and people were following her calling her a thief. From the other side came the Son of God, Jesus. He held her by his arms and said, "Don't you worry. I shall protect you." The group came. They told Jesus: "This lady is a thief. She should be punished." Jesus said: "What did she thieve?" "Bread from our house," the lady answered. "Why did she thieve?" Jesus asked. They had no answer. Jesus said, "She thieved for her hungry children, and what she thieved are only things you have thrown out. Whatever you have thrown out, she has collected for the sake of her hungry children. You should have been generous enough to offer something to her after such a party. You have not done it. At least out of the things you have wasted, you should have allowed her to take them. You have no comprehension. You don't have loving understanding. You waste the resources at the cost of those who don't have. She has not done anything wrong. It is you who made her a thief. She would not have thieved, if only you were generous. Unless you as a community develop this loving understanding, such things happen, and you come up with your crude law to easily judge people on a very superficial basis and then go to the extent of punishing her. Do you have conscience?" - The people were silent. They left.

Similarly with Maria Magdalena. She came from Magdala, a suburb of Tiberias. When she was to be stoned, Jesus appeared on the scene and said, "If the men of the city of Tiberias are all righteous, are all gentlemen, how can this lady become a prostitute? Who can answer this question. If you are to stone this lady, let us also stone the men who made her a prostitute!" They closed their mouth and went away.

This is how we put guilt in people. This is the age-old story of humanity.

## PARACELSUS HEALTH AND HEALING

### THE ANCIENT AND THE NEW LAW

A seer of ancient times says: "Disease is the product of, and is subject to three influences; first, a man's past, wherein he pays the price of ancient error; second, his inheritance, where he shares with all mankind those tainted of energy, which are of group origin, and thirdly, he shares with all the natural forms that which the Lord of Life imposes on his body. These three influences are called "The Ancient Law of Evil Sharing". This must give place some day to that new Law of Ancient Dominating Good, which lies behind all that God made. This law must be brought into activity by the spiritual will of man."

The ancient error mostly arises from old and static theologies, which are distorted through time and also remain fixed and rigid, regardless the changing times and related evolutions. Theologies need to be dynamic, in the sense that they should continue to be pragmatic and practicable. They should find their dynamic change according to the changing living conditions. An old outfit causes confusion to an evolved structure of society. For instance, the spirit of the Vedas can be continued even in the modern life, though the structure given in ancient times may not be suitable. So is the case with Judaism, Christianity, Buddhism and Islam etc.

Man has a strong link more to the structure raised by ancient thought than to the spirit of thought. "Love thy neighbour", "judge not", "pay Caesar what is his due", "let us be fishermen of man", are some of the statements coming from that great Initiate Jesus the Christ, which are valid for all times, though not the structures raised by Christianity. Man's habit to hold on to the structures did not allow him to follow the spirit of the teaching. Instead of love there is hate. Thus, theologies of ancient times hold humanity more by their structure than by the spirit behind; hence they remain static; they suffer distortion and even promote erroneous points of view. This too promoted the related conflict. The error is not rectified. Today's upsurge of sex is also due to suppression in the past. Today's struggle for freedom is also due to oppression by authoritarian rule of law and of religions of the past. Man today is paying a price both for past suppression and present irresponsible freedom, which carries no responsibilities. Suppression of emotions causes disease; lack of regulation of emotion also causes disease.

Humanity sprang from one extreme end to the other; both caused diseases. This is today's scenario.

Individually, therefore, the streams of energy arising from the group are tainted and continue to affect man. The present change is an aspect of struggle to wriggle out of the past condition. Until a new balance is gained the disease continues to be rampant. It seems so. So to say, just as a woman in periods goes through many changes in her body, humanity as a whole is also going through periods of change. The spiritual will of man would eventually triumph over the disease.

# GREAT INVOCATION

Let us form the Circle of Good Will.

OMNIA VINCIT AMOS

From the South through Love  
which is pure.

From the West through Wisdom  
which is true.

From the East through Will  
which is noble.

From the North through Silence  
which is golden.

May the Light make beautiful  
our lives.

O Hierophant of our Rite  
Let his love shine.

OMNIA VINCIT AMOS

Let us form the Circle of the World Servers

We bow down in homage  
and adoration

To the Glorious and Mighty Hierarchy,  
The Inner Government of The World,  
and to its Exquisite Jewel,  
The Star of the Sea -  
The World Mother.

From the point of Light  
within the Mind of God  
let Light stream forth  
into the minds of men.

Let light descend on Earth.

From the point of Love  
within the Heart of God  
let love stream forth  
into the hearts of men.

May Christ return to Earth.

From the centre where the  
Will of God is known

let purpose guide the little wills of men,  
the purpose, which the Masters  
know and serve.

From the centre which we call  
The race of men

Let the Plan of Love and Light  
work out

And may it seal the door  
where evil dwells.

From the Avatar of Synthesis  
Who is to come

let His energy pour down  
in all kingdoms.

May He lift up the Earth to the  
Kings of Beauty.

The Sons of Men are one  
and I am one with them.

I seek to love, not hate.

I seek to serve and not exact  
due service.

I seek to heal, not hurt.

Let pain bring due reward  
of light and love.

Let the soul control the outer form  
and life and all events,  
and bring to light the love  
which underlies the happenings  
of the time.

Let vision come and insight.

Let the future stand revealed.

Let inner union demonstrate  
and outer cleavages be gone.

Let love prevail.

Let all men love.

Master D.K.

The one who lives in OM  
knows himself.

The one who is established in OM  
recognises his brother.

If one transforms as OM  
nothing remains unknown.

The Lord therefore recommends  
continuous recollection of OM.
